PROJECTS

Pranjal Pathashala - Learning Management System for coaching institutes

- Developed a Progressive Web Application (PWA) for managing study materials, quizzes, admissions, and announcements.
- Built responsive admin dashboards for content management and Google Forms integration for live quizzes.
- Designed reusable React components and optimized the application for desktop and mobile devices.

Tech Stack: React.js, Tailwind CSS, Supabase, PostgreSQL, PWA

Developer Presence - Real-Time VS Code Portfolio Presence System

- Built a VS Code extension in TypeScript that tracks coding activity using the VS Code Event API and synchronizes presence data through Supabase Realtime.
- Designed a glassmorphic React widget using React, Tailwind CSS, and Motion that displays live coding status, workspace details, active file, programming language, and session duration.
- Implemented heartbeat synchronization, idle detection, session tracking, exponential backoff retry logic, and real-time subscriptions to ensure accurate online/offline status.
- Architected the system as three independent modules: VS Code Extension → Supabase Backend → React Portfolio Widget, enabling scalable communication between services.

Tech Stack: React.js, TypeScript, Tailwind CSS, Motion, Supabase, PostgreSQL, VS Code Extension API

Code Chronicles - Online Coding Assessment Platform

- Developed a secure coding assessment platform with live code execution using the Judge0 API.
- Implemented timer-based auto submission, multi-language code editor, and anti-cheating features including tab-switch detection.
- Built responsive frontend interfaces and integrated backend APIs for question management and evaluation.

Tech Stack: React.js, Express.js, MongoDB, Judge0 API

SKILLS

Languages
JavaScript • TypeScript • HTML5 • CSS3

Frontend
React.js • Tailwind CSS • Motion • GSAP • ScrollTrigger

Backend & Database
Node.js • Express.js • MongoDB • Supabase • PostgreSQL

Tools
Git • GitHub • Figma • VS Code/Cursor • Adobe Photoshop • Adobe Premiere Pro

EXPERIENCE

Software Developer (Caresoft Inc.) **Current**

- Developed enterprise performance management solutions using Oracle Hyperion.
- Customized reporting and financial planning modules while collaborating with business teams.
- Improved reporting workflows and maintained enterprise financial applications.

Frontend Developer Intern (TFP Technology) **2025**

- Built responsive web interfaces using React.js, JavaScript, and Tailwind CSS.
- Developed reusable UI components and integrated REST APIs.
- Collaborated with developers to improve user experience and fix frontend issues.

Graphics Designer Intern (Satna Incubation Center) **2024**

- Designed social media creatives, promotional videos, and marketing assets using Adobe Photoshop and Premiere Pro.

EDUCATION

Bachelor of Computer Science Engineering **2022-2026**

Vindhya Institute of Technology & Science
CGPA - 8.28
